SERAWIT SHIMELIS NIGATU

Second Year Computer Science Student | Addis Ababa University

Email: serawitshimelis1998@gmail.com
Phone: +251 943 357 763
Location: Addis Ababa, Ethiopia

PROFESSIONAL PROFILE

Motivated second-year Computer Science student at Addis Ababa University with a **CGPA of 3.97**. Passionate about software development, web engineering, C++ system fundamentals, and algorithm optimization. A continuous learner focused on mastering modern front-end and back-end frameworks while exploring AI & ML technologies. Beyond software engineering, brings strategic calculation depth as a competitive 1700-rated chess player and Level 1 Chess Coach candidate.

EDUCATION

Bachelor of Science in Computer Science — Addis Ababa University
Second Year Student | ***CGPA: 3.97 / 4.00***

TECHNICAL SKILLS

- **Web Development:** HTML5, CSS3, Responsive Design, JavaScript (ES6+), RESTful APIs
- **Programming Languages:** C++ (OOP & Data Structures), Python, JavaScript
- **Tools & Platforms:** Git, GitHub, VS Code, Linux Shell, PostgreSQL / JSON Data Storage

PROJECTS & COURSEWORK

Responsive Web Design & JS Applications
Built multiple dynamic web projects using HTML, CSS, and vanilla JS with state management and local storage syncing.

C++ Object-Oriented Projects
Developed console-based software modules implementing C++ classes, pointers, and memory control.

Algorithmic Problem Solving
Solved coding puzzles on LeetCode using Python to sharpen data structures and algorithmic thinking.

Competitive Chess & Strategic Mentorship
1700 peak rating on Chess.com; African Chess Academy Level 1 Coach candidate. Applies tactical calculation and game trees to algorithmic thinking.

LEARNING GOALS

- Advance front-end mastery (React, modern CSS architectures, view transitions).
- Expand backend development capabilities (Node.js, Express, SQL/NoSQL databases).
- Deepen understanding of AI/ML foundations and computer science theory.

LANGUAGES

Amharic: Native | **English:** Professional Working Proficiency
